SBA operating business recovery centers in Aransas, Harris and Nueces

The U.S. Small Business Administration offers low-interest, long-term disaster loans to businesses of all sizes (including landlords), private non-profit organizations (such as churches and charities), homeowners and renters to repair or replace uninsured/uncompensated disaster-damaged property. SBA disaster loans offer an affordable way for individuals and businesses to recover from declared disasters.

Apply online at <u>disasterloan.sba.gov/ela</u> or in person at a Disaster Recovery Center. A loan officer will determine your eligibility during processing after reviewing any insurance or other recoveries.

The Small Business Administration and the Texas Gulf Coast Small Business Development Center Network have opened Business Recovery Centers to provide a wide range of services to businesses affected by Hurricane Harvey. Center hours of operation are **8 a.m. to 6 p.m. weekdays and 9 a.m. to 4 p.m. weekends**.

The <u>FEMA.gov website</u> has a video for business owners wanting more information on how the Small Business Administration can assist you in the aftermath of Hurricane Harvey.

FEMA authorizing 'clean and removal' assistance

FEMA authorized Clean and Removal Assistance for all designated counties in Texas for homeowners with disasterrelated real property damage that do not qualify for Home Repair Assistance because the damage did not render the home uninhabitable.

This assistance is intended to prevent additional loss and potential health and safety concerns and reduce contamination from floodwater.

Clean and Removal Assistance is awarded as a one-time payment per household. This amount represents the average cost of cleaning, sanitizing and removing carpet in a flooded dwelling in the designated area.

Clean and Removal Assistance payments are part of FEMA's "Other Needs Assistance" program. Applicants must register with FEMA at **DisasterAssistance.gov** and meet all eligibility requirements. An inspector must verify that floodwater caused the damage to at least one item in the home.

Disaster Recovery Centers open for 'businesses' as well as households

Disaster Recovery Centers are one-stop shops for storm survivors seeking one-on-one help. Representatives from FEMA, the Small Business Administration and various state agencies will be available to answer questions from homeowners and business owners.
